## Strong and Secure

The Elite tablet enclosure features a lockable faceplate that secures with a barrel key and four-point lock for ultimate security. As an additional security option, unique key and barrel sets are also available. The Elite tablet stand is ideal for high-traffic areas or any commercial or educational environment where additional layers of security may be required for your device.

### **Bulk Keyed Alike**

We include the same key number for all orders of multiple stands. Ordering more down the track? Simply add your key number to your order notes at checkout and we will send out the same barrel lock and key as your previous order.

### **Optional Cable Lock**

Want more security? The Elite case comes with a slot for an optional cable lock, offering you more security at a low cost.

## Cable Cut Out

Two cable management options including the ability to discreetly run your cable from the device through the mounting pole, or alternatively, run the cable directly through the included cut out in the case's rear.

## Camera Cut Out

Camera cut-out to allow the use of iPad or Android cameras whilst the device remains secured within the Elite case.

## Cable Lock Port

For additional security, cable locks are available which attach to a purpose-designed latch at the rear of the case. Our cable lock extends 6 feet (190cm) and is made from a coiled galvanized steel.

## Vesa Mount

The Elite tablet stand case is also compatible with Vesa mounts. This allows you to mount the case directly to the wall for a flush finish or attach to any industry standard VESA monitor bracket.

## Hidden Cable Management

Keep your tablet charged with internal cable management in the fully enclosed case. The Elite tablet stand features two cable management options including the ability to discreetly run your cable from the device through the pole, or alternatively, run the cable directly through the included cut out in the case's rear.

### **Can't run a cable to your stand?**

Not a problem! Simply remove your tablet from the Elite case using the 4 point key lock and charge it at the end of the day. Alternatively use a portable battery pack to keep your tablet running.

### **Nexus**

The Nexus base can be used as a desktop stand with 3 different mounting options. Use the Nexus as a freestanding base for mobility or alternatively screw mount the base in a fixed position. We also supply a custom cut 3M adhesive pad to secure your tablet stand without the need for drilling holes, perfect for stone surfaces. Measuring 3.19" (81mm) high, the Elite Nexus stand is ideal for use when sitting at a desk or standing at a counter.

### **Evo Screw Mount & Freestanding**

The Evo stand is available in two mounting options as the freestanding base or screw mount. The screw mount can be screwed in from above with a base cover over the mounting plate or alternatively, you can mount from beneath the surface for a slim mounting option. Measuring up to 7.95" (202mm) high, the Evo stand ensures the perfect height for counter top POS and self service kiosk applications.

## Elite Fixed Wall Mount

Purchase the Elite case on its own as a fixed wall mount option. Featuring Vesa mount capability to mount on any Vesa stand or directly on a wall surface.

## Nexus

The Nexus stand is wall mountable with a screw mount option. Measuring 3.19" (81mm) high, the Elite Nexus wall mount features a slight angle for easy use. This stand is constructed with high grade metal casting and features a powder coated finish for strength and durability.

## Evo Screw Mount

The Evo screw mount stand sits 7.95" (202mm) away from the mounting surface, the Evo stand ensures the perfect use for POS and self service kiosk applications. Featuring portrait to landscape rotation and tilt adjustment for ergonomic use.

## Nexus Stand

The Nexus stand includes a 180 degree swivel, which is perfect for customer facing Point Of Sale (POS) and kiosk stands. This stand also features a unique magnetic hold at each swivel point to keep your tablet in position. For a fixed option, a position lock is available to disable swivel movement.

## Evo Stand

Both Screw Mount and Freestanding options rotate between portrait and landscape and also features a 40-degree tilt for a functional and ergonomic design. This stand also features a position lock on both tilt and rotate movements for a fixed option.

## Evo Screw Mount & Freestanding

Featuring a 40 degree tilt adjustment for ergonomic design and versatility to adapt to various counter top heights.

**Suitable for counter heights from:**

**29.53" - 43.31"**  
**(75 - 110 cms)**

## Nexus Screw Mount, Adhesive & Freestanding

Perfect for customer facing Point Of Sale (POS) and kiosk stands.

**Suitable for counter heights from:**

**29.53" - 35.43"**  
**(75 - 90 cms)**
